

Pump Specification GBd-75

Technology Type: Pneumatic
 Maximum Output Pressure: 20000PSI
 Construction Material: Stainless
 Fluid Compatibility: Gas

Gas Booster manufactured by SC, GBD-75. This is a double-acting Gas Booster that can provide a pressure up to 1380 bar.

The amount of this booster gives approx. 2.4 cu.in per. Stroke/min

Kompresjonsforhold: **25:1**

Utgangstrykk: **75Pa + Ps**

GB-D75
